Purpose

This template will aid LEAs in the development of a program plan as required by *EC* Section 46120(b)(2). In this program plan, LEAs will describe program activities that support the whole child, and students' Social and Emotional Learning (SEL) and development.

Definitions

"Expanded learning" means before school, after school, summer, or intersession learning programs that focus on developing the academic, social, emotional, and physical needs and interests of pupils through hands-on, engaging learning

Expanded Learning Opportunities Program Plan Guide

experiences. It is the intent of the Legislature that expanded learning programs are pupil-centered, results driven, include community partners, and complement, but do not replicate, learning activities in the regular school day and school year. (*EC* Section 8482.1[a])

“Expanded learning opportunities” has the same meaning as “expanded learning” as defined in *EC* Section 8482.1. “Expanded learning opportunities” does not mean an extension of instructional time, but rather, opportunities to engage pupils in enrichment, play, nutrition, and other developmentally appropriate activities. (*EC* Section 46120[e][1])

Instructions

This Program Plan needs to be approved by the LEA’s Governing Board in a public meeting and posted on the LEA’s website.

The program plan template guide is considered a living document that is periodically reviewed and adjusted to reflect the needs of the community, updates in the law, and to provide continuous improvement in the development of an effective ELO-P.

The LEA is responsible for creating, reviewing, and updating the program plan every three years in accordance with *EC* Section 8482.3(g)(1). LEAs are encouraged to work collaboratively with partners and staff to develop and review the program plan. The LEA is responsible for the plan and the oversight of any community partners or subcontractors. The LEA should include any partners in the development and review of the plan. It is recommended that the plan be reviewed annually.

The Expanded Learning Division adopted the *Quality Standards for Expanded Learning in California* (Quality Standards) and introduced requirements for Continuous Quality Improvement (CQI) to help programs engage in reflection and be intentional about program management practices and activities delivered to students. To create the program plan, provide a narrative description in response to the prompts listed under each Quality Standard below. The LEA may customize and include additional prompts, such as describing SEL activities, or refining the plan. In addition to the narrative response, it may be useful to include tables, charts, or other visual representations that contribute to the understanding of the ELO-P. LEAs are encouraged to download and reference the Quality Standards in order to provide ongoing improvements to the program. The Quality Standards can be found on the California Department of Education’s (CDE) Quality Standards and CQI web page, located at <https://www.cde.ca.gov/ls/ex/qualstandcqi.asp>.

Expanded Learning Opportunities Program Plan Guide

1—Safe and Supportive Environment

Describe how the program will provide opportunities for students to experience a safe and supportive environment. Include if the program will be offered on the schoolsite or off campus. If not on site, describe where in the community it will be and how students will be supported to get there.

Hickman ELO will operate before school and after school. 6:30 am - 8:00 am and 2:30 - 6:00pm (minimum days 12:45 - 6:00). These hours will offer students a supportive environment for students who may otherwise be latch-key students. The program will be offered on campus in a location that is safely accessible by all three schools.

2—Active and Engaged Learning

Describe how the program will provide opportunities for students to experience active and engaged learning that either supports or supplements, but does not duplicate, the instructional day.

The program will offer a tiered system of support focusing on remediation of skills needed to access current grade level core standards, Social Emotional Learning and positive peer interaction opportunities, Character education, nutrition and healthful living, visual and performing arts, as well as after school sports programs.

3—Skill Building

Describe how the program will provide opportunities for students to experience skill building.

Students will be divided into grade level and ability groups(8-10 students). Groups will attend sessions of remedial instruction from qualified support staff. This support will be delivered in a model that uses skill building through collaboration, practice, creativity, and critical thinking. Delivery methods may include both on-line and in-person instruction at the learner's Zone of Proximal Development.

4—Youth Voice and Leadership

Describe how the program will provide opportunities for students to engage in youth voice and leadership.

The Hickman ELO Program will invite students in the program to be on the decision making committee. We will complete student surveys at least twice a year to give students a voice in the programs offered. We will also provide students with after school opportunities such as sports, clubs, arts, and student government. An example would be for students to form a recycling club for the campus. Students would build leadership in the club, and promote recycling on campus as well educate our school community on the global need to recycle.

Students will also have the opportunity to participate in programs like, garden club, where they will learn farm to fork programs, as well as sustainable farming practices. Physical activity will be promoted through after school sports programs and every day opportunities for physical activity. Developing sportsmanship, commradre, and peer interactions will be at the center of all sports programs.

6—Diversity, Access, and Equity

Describe how the program is designed to address cultural and linguistic diversity and provide opportunities for all students to experience diversity, access, and equity. Describe how the ELO-P will provide access and opportunity for students with disabilities.

Hickman ELO Program will recruit and hire individuals who reflect the community in which it serves. Students and staff will be given opportunities to share cultural experiences. The program will develop invitations to the program that include all students on campus. There will be staff development on cultural sensitivity and diversity training.

We will recruit and retain individuals who have skill sets for working with students with disabilities. Program activities and skill development will be designed to be accessible to all students who attend regardless of their ability level or disability

11—Program Management

The ELO-plan will be managed by the administrative team with input from school staff, students, parents, community members, and outside providers. Financial commitments and compliance will be monitored the the Business Services Department.

General Questions

Existing After School Education and Safety (ASES) and 21st Community Learning Centers (21st CCLC) Elementary and Middle School grantees.

ASES, 21st CCLC Elementary/Middle School, and the ELO-P should be considered a single, comprehensive program. In coordinating all these funding streams to move towards a single program, the expectation is that the most stringent requirements will be adopted for program guidance. If one or both grants are held, please describe how the ELO-P funding will be used to create one comprehensive and universal Expanded Learning Program.

We do not currently hold either Grant.

Expanded Learning Opportunities Program Plan Guide

Transitional Kindergarten and Kindergarten

Programs serving transitional kindergarten or kindergarten pupils shall maintain a pupil-to-staff member ratio of no more than 10 to 1. (EC Section 46120[b][2][D]). We will develop this section as we develop our UPK plan.

Sample Program Schedule

Please submit a sample program schedule that describes how the ELO-P or other fund sources, including the California State Preschool Program for children enrolled in transitional kindergarten or kindergarten, will be combined with the instructional day to create a minimum of nine hours per day of programming (instructional day plus ELO-P or other supports).
